Gampola, Kandy, Sri Lanka | 076 198 0086 | mohamedbashry849@gmail.com | [linkedin.com/in/mohamed-bashry/](https://www.linkedin.com/in/mohamed-bashry/) | github.com/Mohamedbashry

PROFESSIONAL SUMMARY

ICT undergraduate (BSc Hons) at the University of Vavuniya with a strong interest in Software Engineering and DevOps, complementing academic study with a Diploma in Software Engineering. Experienced in full-stack web development using ASP.NET Core MVC, C#, and Entity Framework Core, with growing hands-on exposure to cloud infrastructure and DevOps practices through AWS and Terraform. Combines technical skills with freelance graphic design experience.

TECHNICAL SKILLS

Programming Languages: C#, Java, Python, C++, JavaScript

Web Technologies: HTML5, CSS3, Bootstrap, React.js, ASP.NET Core MVC, REST APIs, CRUD Operations, Responsive Web Design

Cloud & DevOps: AWS (EC2, S3), Docker, Kubernetes, Jenkins, Ansible, Terraform, CI/CD, Infrastructure as Code

Databases & Tools: MySQL, SQL, Database Design, Entity Framework Core, Git, GitHub, Visual Studio, VS Code, Linux (Ubuntu), Bash Shell Scripting

Design Tools: Figma, Adobe Illustrator, Adobe Photoshop, Canva

PROJECTS

University Resource Management System

Personal Project

ASP.NET Core MVC, C#, Entity Framework Core, MySQL

- Developed a web-based system for managing university resources and equipment bookings, implementing full CRUD operations with Entity Framework Core and responsive UI with HTML, CSS, Bootstrap, and JavaScript.
- Collaborated in a team to gather requirements, build features, and test the application, using Git and GitHub for version control.

AWS EC2 Infrastructure Automation with Terraform

Personal Project

Terraform, AWS (EC2, Security Groups, IAM), Infrastructure as Code

- Provisioned AWS EC2 infrastructure using Terraform, including AMI, security groups, and automated server setup.
- Structured the project with modular .tf files (provider, resources, variables, outputs) following IaC best practices for readability and reuse.
- Implemented secure secrets handling by excluding state and variable files from version control via .gitignore, and documented setup and architecture in a README for one-command deployment (terraform init/plan/apply).

Alumni Management System

Personal Project

PHP, MySQL, HTML, CSS, JavaScript, Bootstrap

- Built a web-based Alumni Management System with registration, login authentication, profile management, event management, and announcement publishing, backed by a MySQL database and a responsive UI.

Rock Paper Scissors Game

Personal Project

Python, CLI, Random Module, Git

- Console-based Rock Paper Scissors game with score tracking, input validation, and replay functionality.

FREELANCE EXPERIENCE

Graphic Designer

Fiverr (Freelance)

- Designed food and restaurant promotional posters for international clients on a freelance basis.
- Managed client requirements, revisions, and delivery timelines independently.

EDUCATION

BSc (Hons) in Information and Communication Technology

2022/2023 – Present

Faculty of Technological Studies, University of Vavuniya, Sri Lanka | Reg. No: 2021ICTS78

Diploma in Software Engineering

2025 – Present

Previous Education, Kandy

CERTIFICATIONS

- Introduction to Modern AI (Cisco) • Introduction to DevOps (IBM) • Learning GitHub Actions for DevOps CI/CD (Coursera)
- Terraform Fundamentals: Architecture & Core Utilities (Coursera) • Python for Beginners (University of Moratuwa)
- Plan Agile with GitHub Projects and Azure Boards (Microsoft) • Graphic Design for Beginners (Orinsto Campus)

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Editor, Tech Meetup Community, Faculty of Technology, University of Vavuniya (2024–2025) • Editor, Muslim Majlis, University of Vavuniya (2024–2025) • Union Member, Faculty of Technology, University of Vavuniya (2023–2024)

LANGUAGES

Tamil (Native) | English (Fluent) | Sinhala (Fluent)
